

HOW DO I KNOW I AM GETTING MY OWN PET BACK?

This is a common question, and rest assured that your pet is tracked throughout the entire aftercare process.

Midwest Cremation Service uses a proprietary tracking system called Paws e-Track, which tracks your loved one through the aftercare journey. Your pet is assigned a unique identification number that is electronically scanned at multiple points through the aftercare process, from your veterinarian's office and throughout our facility. At Midwest Cremation Service, we offer 100% traceability and transparency.

MIDWEST CREMATION SERVICE

PET AFTERCARE SERVICES & MEMORIAL CENTERS

Midwest Cremation Service Pet Crematorium proudly brings the best in pet aftercare to Wisconsin and Minnesota. Locally managed by experienced industry professionals, our facilities have been thoughtfully designed to provide the highest level of service as we continue to set the standard for dignified and respectful pet aftercare services.

Midwest Cremation Service offers pet parents a sense of comfort and peace of mind, ensuring your pet's aftercare will be handled in a way that is respectful, dignified and compassionate.

At every step along the way, we promise to care for your beloved pet as if they were our own.

OUR SERVICES

Private Cremation: This begins with the gentle pick up of your loved one from your veterinary clinic. Once in the care of Midwest Cremation Service, your beloved pet will be the only pet in the cremation chamber during the cremation process. When the cremation process is complete, we ensure that you receive only the cremated remains of your pet in your choice of urn.

Individual Cremation: This begins with the gentle pick up of your loved one from your veterinary clinic. Once in the care of Midwest Cremation Service, your beloved pet is placed into the cremation chamber and is separated with dividers, ensuring that you receive only the cremated remains of your loved one in your choice of urn.

MIDWEST CREMATION SERVICE

Communal Cremation: This begins with the gentle pick up of your loved one from your veterinary clinic. Once in the care of Midwest Cremation Service, your pet is cremated in a group setting with other pets. The cremated remains are not returned to you.

Viewing & Visitation: For pet parents who prefer to say goodbye to their cherished pet in a private setting with family and close friends, we offer by appointment the opportunity for a Viewing & Visitation service. In a pleasant and serene visitation room, you will be in close proximity to your pet during a private cremation. Our Viewing & Visitation is a time for gathering together in ceremony to share a meaningful goodbye - to grieve, to celebrate and to remember a faithful companion. Whether your wish is for a quiet, reflective memorial or a joyful tribute, we will help you make these arrangements in a warm and supportive environment.

24/7 grief support is available to all through the Pet Compassion Careline.

MEMORIAL PRODUCTS

For a lasting way to remember your loved one, Midwest Cremation Service has a unique selection of special keepsakes and memorial products. For a full list of products and details, please visit:
